Alfred McCroskey Honored With Prestigious Award *20th Anniversary Edition of **Discovering Russia** Named Best Travel Book for 2008*

FLORENCE ALABAMA---Author Celebrity Associates in conjunction with Jones Harvest Publishing has named Alfred McCroskey Travel author of the year for 2008. The author's 2008 edition of his groundbreaking book was judged the best of 200 non-fiction books by the Jones Harvest editorial staff and select fellow authors.

Alfred, and wife Jean, had sold everything they owned, including home, farm, a car and business, and were living by faith alone. That same year, 1988, Alfred made his first venture into Russia as a Bible "smuggler" and ministered to pastors of "underground" churches.

Twenty years later, plus 80 mission trips, and 1,000 "fellow travelers" going with them, the McCroskeys tell their fascinating story in a most personal readable account simply called Discovering Russia. Read for yourself and learn how God used an ordinary couple through simple faith and obedience to literally touch a nation, the old "evil empire," with the good news about their Lord and Savior Jesus Christ.

Rev McCroskey founded Bibles For Russia in 1988. Since then, he has written thousands of letters, numerous newspaper and magazine articles, Internet copy, and two previous books. In their Website address, we have selected just a few of his shorter pieces for your encouragement. The testimony of how he was healed of cancer has been by far the most popular
